

Introducing Loti Mats

New mats made of a non-crease material so easy to roll up and store.

New mats made with a matt finish to give less glare.

New mats with strong links to History, Geography and Literacy topics.

New mats suitable to use with Loti-Bot but also with Bee-Bot, Blue-Bot!

Here are some suggestions for using your new mats. Enjoy and adapt to suit you. If you have any brilliant ideas for using them, then please get in touch. We'd love to hear from you.

Cities of the World Mat

Learning Intentions

Suggestions for activities

Name the seven continents, world's countries and major cities- Find out what a capital city is and locate world major cities on a map.

Send your Bot on a journey to find out about the capital cities around the world. Make a fact sheet for each place with the name of the country, continent, and other information such as flag, geographical location, landmarks, etc.

Use simple compass directions (NSEW) and locational and directional language (near, far, left, right) to find places. Name the famous landmarks of world cities.

Program Bot and create routes on the map. Use geographical vocabulary to refer to key physical and human features and identify landmarks.

Use geographical language to describe places. Identify similarities and differences between areas.

Where would you go on holiday? Create a holiday brochure. Program the Bot to travel to the places you have picked. Describe the areas using geographical language such as volcanoes, mountains, rivers.

Learning Intentions	Suggestions for activities
<p>Create maps and plan routes around an area.</p>	<p>Find out where our food comes from. Have a basket of food from around the world. Find out where this food comes from and program the Bot to visit these places and record details about the country from the map, such as the capital city. Create a food map to show where our food comes from.</p>
<p>Identify physical and human features around the world and find the Seven Wonders of the World.</p>	<p>Program your Bot to visit the Seven Wonders of the World and find out about them. Identify the highest mountain, longest river, largest desert. Which physical/human features of the world would you choose as your seven wonders? Give a friend the coordinates to program their Bot to find them.</p>
<p>Identify position of the lines of latitude, name the Equator, Tropic of Cancer and Capricorn and North and South Poles.</p>	<p>Program your Bot to find the hottest, driest, coldest places on Earth. Learn about temperature climate zones and deciduous forest biome.</p>
