

Easi-Cars User Guide

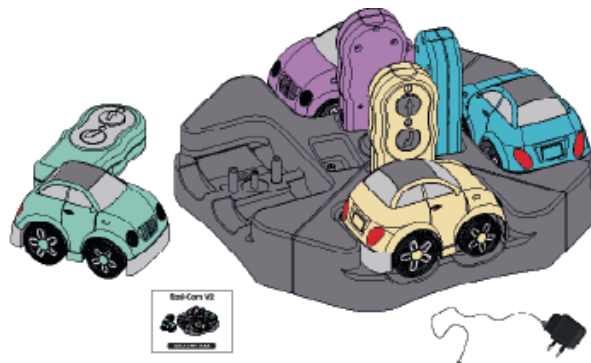

(EY11110)

Fun and engaging remote control cars to develop fundamental skills such as, early programming, understanding cause and effect and directional language.

What is included in your pack

Each pack contains:

- 4x Easi-Cars each in a different colour (blue, yellow, green and purple).
- 4x Easi-Car remotes in matching colours.
- Rechargeable docking station and plug for easy charging and storage.
- Visual Quick Start Guide.

Charging the Easi-Cars and switching them on

Before using the Easi-Cars, make sure the cars and remotes are charged. Here is some charging information.

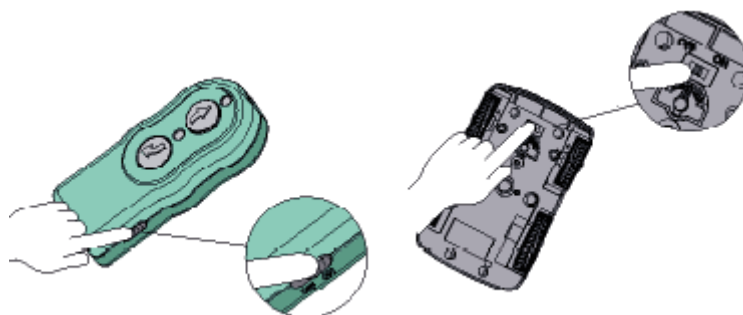

- The Easi-Cars and Remotes conveniently charge in the rechargeable docking station which plugs into the mains.

Easi-Cars User Guide

(EY11110)

- The Easi-Cars and Remotes will take approximately 4-6 hours until fully charged.
- Once charged they will last for approximately 2 hours of continuous use.
- Each car has its own same coloured remote. Select your preferred colour and switch on both the car and the matching remote.

The on ● / off ○ switch for the remote is on the right-hand side of the remote as shown in the picture above. The OFF/ON for the cars is under each car. See above picture.

- You will know when the car is on as the headlights will automatically light up.

Using the Easi-Cars

The remotes have two buttons to control the cars. These two buttons allow the cars to be manoeuvred in different directions.

To reverse and change angles to turn. If held down the car will do a complete turn.

To move forward.

Easi-Cars User Guide

(EY11110)

When reversing the rear lights (red) will come on.

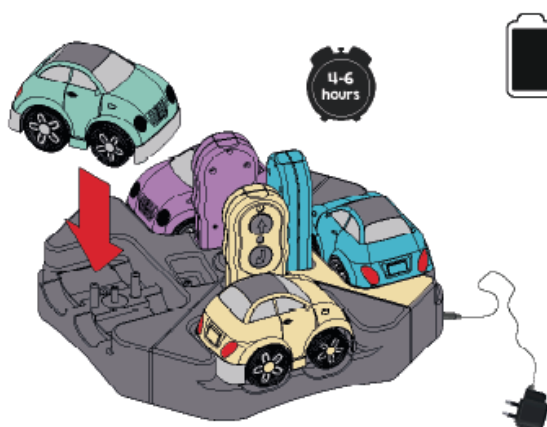

The headlights (white) come on automatically when the car is switched on and is ideal for using in darker spaces to show cars need lights at night.

Have fun exploring and set up different routes for the cars to follow. Try reversing and turning the cars to move around different obstacles. Remember holding down

button can make the car turn in a circle.

After use switch the car and remote off to conserve power and at the end of the session place the cars and remotes back onto the docking station to recharge.

Enjoy creating a variety of journeys and take your Easi-Cars on mini adventures.
