

Reasons to **Love** TTS Everyday Colouring Pencils

We know our TTS Own Brand range is great quality, but we don't expect you to take our word for it!

Here are some reviews written by TTS customers on social media.

“A reliable set of colouring pencils that delivers great results every time. The colours are great and they sharpen well without constantly breaking. Perfect for classrooms or home use, these pencils are durable and comfortable to use for longer colouring sessions. A solid choice for creative work of all kinds”.

“The TTS colouring pencils are really lovely, my class have been using these during choosing time to create their own beautiful and unique artwork. The pencils are sturdy and long lasting; we have been exploring colours and patterns using the different pencil shades. The children have enjoyed blending the colours together on the paper”.

“Beautiful pencils, easy to use even for very young kids. Full of pigment so kids don't need to press very hard to use them”.

“A dependable classroom staple, these colouring pencils offer a lovely range of shades and a smooth, consistent colour. They sharpen well without constant breakage - a huge win during busy lessons. For craft clubs, they're great for detailed drawing, shading and adding finishing touches to creative projects”.
